# About SAVE

Founded in 1976 by a group of Tri-City women, SAVE started as a 6-bed shelter and has grown to 9 programs with 24 dedicated staff providing a full spectrum of emergency and ongoing supportive services.

Every year we serve thousands of survivors across all programs. Our reputation is built upon not only our many years of community service, but also our focus on recognizing the needs of those not served, creating strong, trusting partnerships and inclusiveness for all.

Our compassionate approach puts our clients first, so they are empowered to make healthy decisions every day.

# Our Gratitude

In 2020, the global pandemic brought tremendous challenges to the individuals and families we serve. The number of crisis calls is up by about 46% since the start of the pandemic. Nearly 50% of our housing clients lost employment income for at least three months, so we stepped in with increased rental assistance to ensure they keep their housing. As shelter space became more difficult to obtain across the county, we expanded our capacity to shelter families by using motels, increasing our motel costs by 400%.

We predicted the increased need for services for victims and survivors of abuse, so our staff moved swiftly to provide our core services remotely. Despite the pandemic, we were able to make an impact in the community.

We couldn't have done it without supporters like you!
